
STATEMENT OF PRINCIPALS - WILT

November 15, 2020

5 YEARS

Over the next 5 years, I will pursue my degree with thoughtful insight to my education and what it is bring me long term. Given my degree is a second degree and therefore I have fewer hours required than most of the students, I plan to earn as many of my 3,750 hours as possible for AXP during my 5 years in school leaving myself a minimal amount remaining after I graduate. At the 5 year anniversary of this contract I will therefore have the following:

Self-Contract 2020
Commitment to a
guideline for 5, 10 and
15 years

- my Degree in Architecture completed at Belmont University
- Minimum of 2,000 AXP hours earned
- Be involved in two building projects as my AXP

10 YEARS

Upon the 10th anniversary of this contract I will have continued my pursuit of of my AXP hours completing the reminding 1,750 by the midway point between year 6 and 7. This will allow me to study, sit for and pass my ARE Test in year 7. I will therefor have my licensure for architecture in 2027. Upon receiving my license to practice as an architect I will have finalized my decision whether to pursue my career in residential or Commerical as a focus. All my practice will focus on sustainability and how to build for the future but will jump between commercial and residential. I will also finalize my pursuit of a firm to work with for the next 5 years.

15 YEARS

Upon the 15 year anniversary of this contract I will have established my focus in my career and choose to leave the firm I am with and pursue my own practice or become a partner in the firm I am with. These decisions will depend on my path through years 10-15. I am determines to be a practicing architect. I am intrigued by the alternate paths that have been laid out in front of me but I will finish my pursuit to become licensed and then revisit alternatives at that point.
